## QUEENSBRIDGE BURTON

A stylish development of traditional two, three and four bedroom townhouses in the thriving town of Burton Upon Trent.

Queensbridge is an individually designed development of townhouse properties located near to Burton Town Centre on the historic site of the 19th century Wood Street Maltings.

Burton Upon Trent offers all the amenities of a modern town, yet is just minutes away from some of the most scenic countryside in the Midlands.

The town centre boasts extensive pedestrianised shopping and leisure facilities with theatre, cinemas and sports venues. Many major high street names are to be found here, alongside independent retailers and the traditional traders in the outdoor Market Square and indoor Market Hall.
